

MALIARD

*a forward-thinking company dedicated to the sourcing, financing,
transport and logistics of metals and minerals across Africa.*

INTRODUCTION

Maliard Ltd. is a forward-thinking company dedicated to the sourcing, financing, transport and logistics of metals and minerals across Africa.

Leveraging the continent's vast reserves **Maliard** aims to enhance Africa's economic contribution to the global market.

Core specializations

- **Sourcing:** sustainably sourcing metals and minerals from small to medium-scale mining communities
- **Financing :** offering tailored financial solutions to support miners via working capital facilities or trade financing solutions
- **Transport and logistics:** optimize the transportation, storage, and distribution of metals and minerals across Africa and beyond.

SOURCING

Maliard specializes in carefully sourcing metals and minerals from small to medium scale miners across Africa often conducted by individuals or small groups using basic tools and techniques.

Precious Metals

Gold, Silver, Platinum

With a focus on Gold, Silver and Platinum, **Maliard** specializes in the sourcing of precious metals across Africa identifying small-scale and medium-scale miners using manual or semi-manual methods like panning and small-scale digging, targeting alluvial deposits or hard-rock veins.

Industrial Minerals

Kaolin, phosphate, limestone gypsum, REE's

Extracted from hard-rock, sedimentary deposits, weathered granite and/or by-product collection, **Maliard** sources industrial minerals from open-pit or underground mining operations across Africa connecting miners to end-consumers globally.

Base Metals

Iron, Lithium, Nickel, Tin, Copper

Whether its lithium extracted from pegmatite deposits or nickel mined from laterite and sulfide deposits, **Maliard** identifies sustainable mining operations with the potential for increased output to provide a continuous supply of base metals to international markets.

FINANCING

Working Capital Financing

Maliard facilitates short-term loans or credit lines to cover operational expenses and maintain cash flow.

Equipment Financing

Maliard provides tailored financing solutions such as loans or leases to purchase or rent machinery (e.g., excavators, crushers) for improved efficiency.

Trade Financing

Credit or guarantees to facilitate mineral sales, covering transport, processing, and or export costs.

General Facilities

Flexible credit lines or overdrafts for diverse needs (e.g., permits, training, light equipment).

TRANSPORT AND LOGISTICS

Transport

Maliard moves ores from remote sites to processing, local trading hubs and/or international markets

Logistics

Involves organizing collection, storage, and delivery of metals and minerals. Maliard coordinates with buyers, provides inventory management, and ensures compliance with export regulations

Sourcing

metals and minerals
from small to medium
scale miners

Transport and Logistics

of metals and
minerals from mine to
processing centre to
end-buyer

Delivering

metals and minerals
to end-buyers around
the globe
